

**Arron Rose Kay Arnold, 7,  
Camp LeJeune, NC**

I have been a member of the SGI since I was born. I was finishing my bath when my gold ring went down the drain. I screamed and cried because this was the ring that my cousin K.C. from the Philippines gave me. I went to the Gohonzon and prayed a whole bunch that my daddy could find it. He went under the house, opened the drain and found my ring. I thanked the Gohonzon for letting us find it. I am glad to be a Buddhist.
